ocean bottle
THERE'S A THOUSAND REASONS TO CHOOSE OCEAN BOTTLE
A BOTTLE
FOR LIFE

ONE FOR ONE **THOUSAND**

Every Ocean Bottle funds the collection of 11.4kg**/25lbs** of ocean-bound plastic, equivalent to **1000** plastic bottles.

Our award-winning sustainable design, 10 year warranty and spare parts for life programme means our reusable products won't get put on the shelf.

An Ocean Bottle product shows the world that its owner is part of a community of people doing good for the ocean and a reminder or the impact created.

HOW IT WORKS

1. Funding plastic collection with every product sold

2. Collectors exchange plastic for money and get access to social resources such as healthcare and education.

3. Ocean-bound plastic is sorted and recycled into new products or co-processed into cement

4. Bespoke impact dashboards for our customers, to show them exactly where they've made a difference

5. Every product is tech-enabled with a NFC chip, allowing consumers to connect to the Ocean Bottle app.

The Ocean Bottle app keeps on giving

Register your bottle after purchase and Ocean Bottle will collect even more ocean-bound plastic every time you refill, as well as hooking you up with local refill spots.

WE HAVE ALREADY MADE A HUGE IMPACT IN THE COMMUNITIES WE SERVE AND BEYOND.

MADE FROM WASTE, TO END WASTE.

We believe that Circular Design can save the world.

Circular Design is workable solution at a time when the world desperately needs solutions. We create products made with recycled materials, designed to last and fully recyclable. We work to a simple yet immensely challenging rule of 100-10-100. Any product created can only be justified if it's trying to or helping to achieve 100% recycled content, designed for at least 10 years use and then 100% recyclable at the end of it's useful life.

1. **Make from recycled materials.**
2. **Design to last.**
3. **Ensure 100% recyclable.**

We've helped bring **Circularity to 28** different countries.

We transform **18 single-use cups per minute** into longer lasting reusables.

Through our Circular Cups we've introduced over **2.6 million people** globally to the world of Circular Design.

We've recycled and transformed over **15.5 million single-use cups** into Circular&Co. Reusables

RECYCLED PET FABRIC

Giving Plastic a Second Life

PET is one of the most common plastics, widely used for bottles and packaging. Unfortunately, this also makes it a major contributor to global solid waste.

Recycled PET (RPET) offers a sustainable alternative. By reusing existing plastic instead of producing new resin, RPET reduces waste, lowers environmental impact, and gives discarded bottles a meaningful second life.

Benefits of producing Recycled PET fabric over normal fabric:

- Saves Energy
- Reduce pollution (CO_2 emissions)
- Fabric is sturdy - can produce Backpacks, Pouches, Laptop bags, Cooler bags.

We Stock Recycled PET fabric & can supply Bags / Pouches made from GRS certified RPET fabrics in our U.A.E. factory
